

Corvinus Career & Business Festival

24-25. October 2023.

About the event

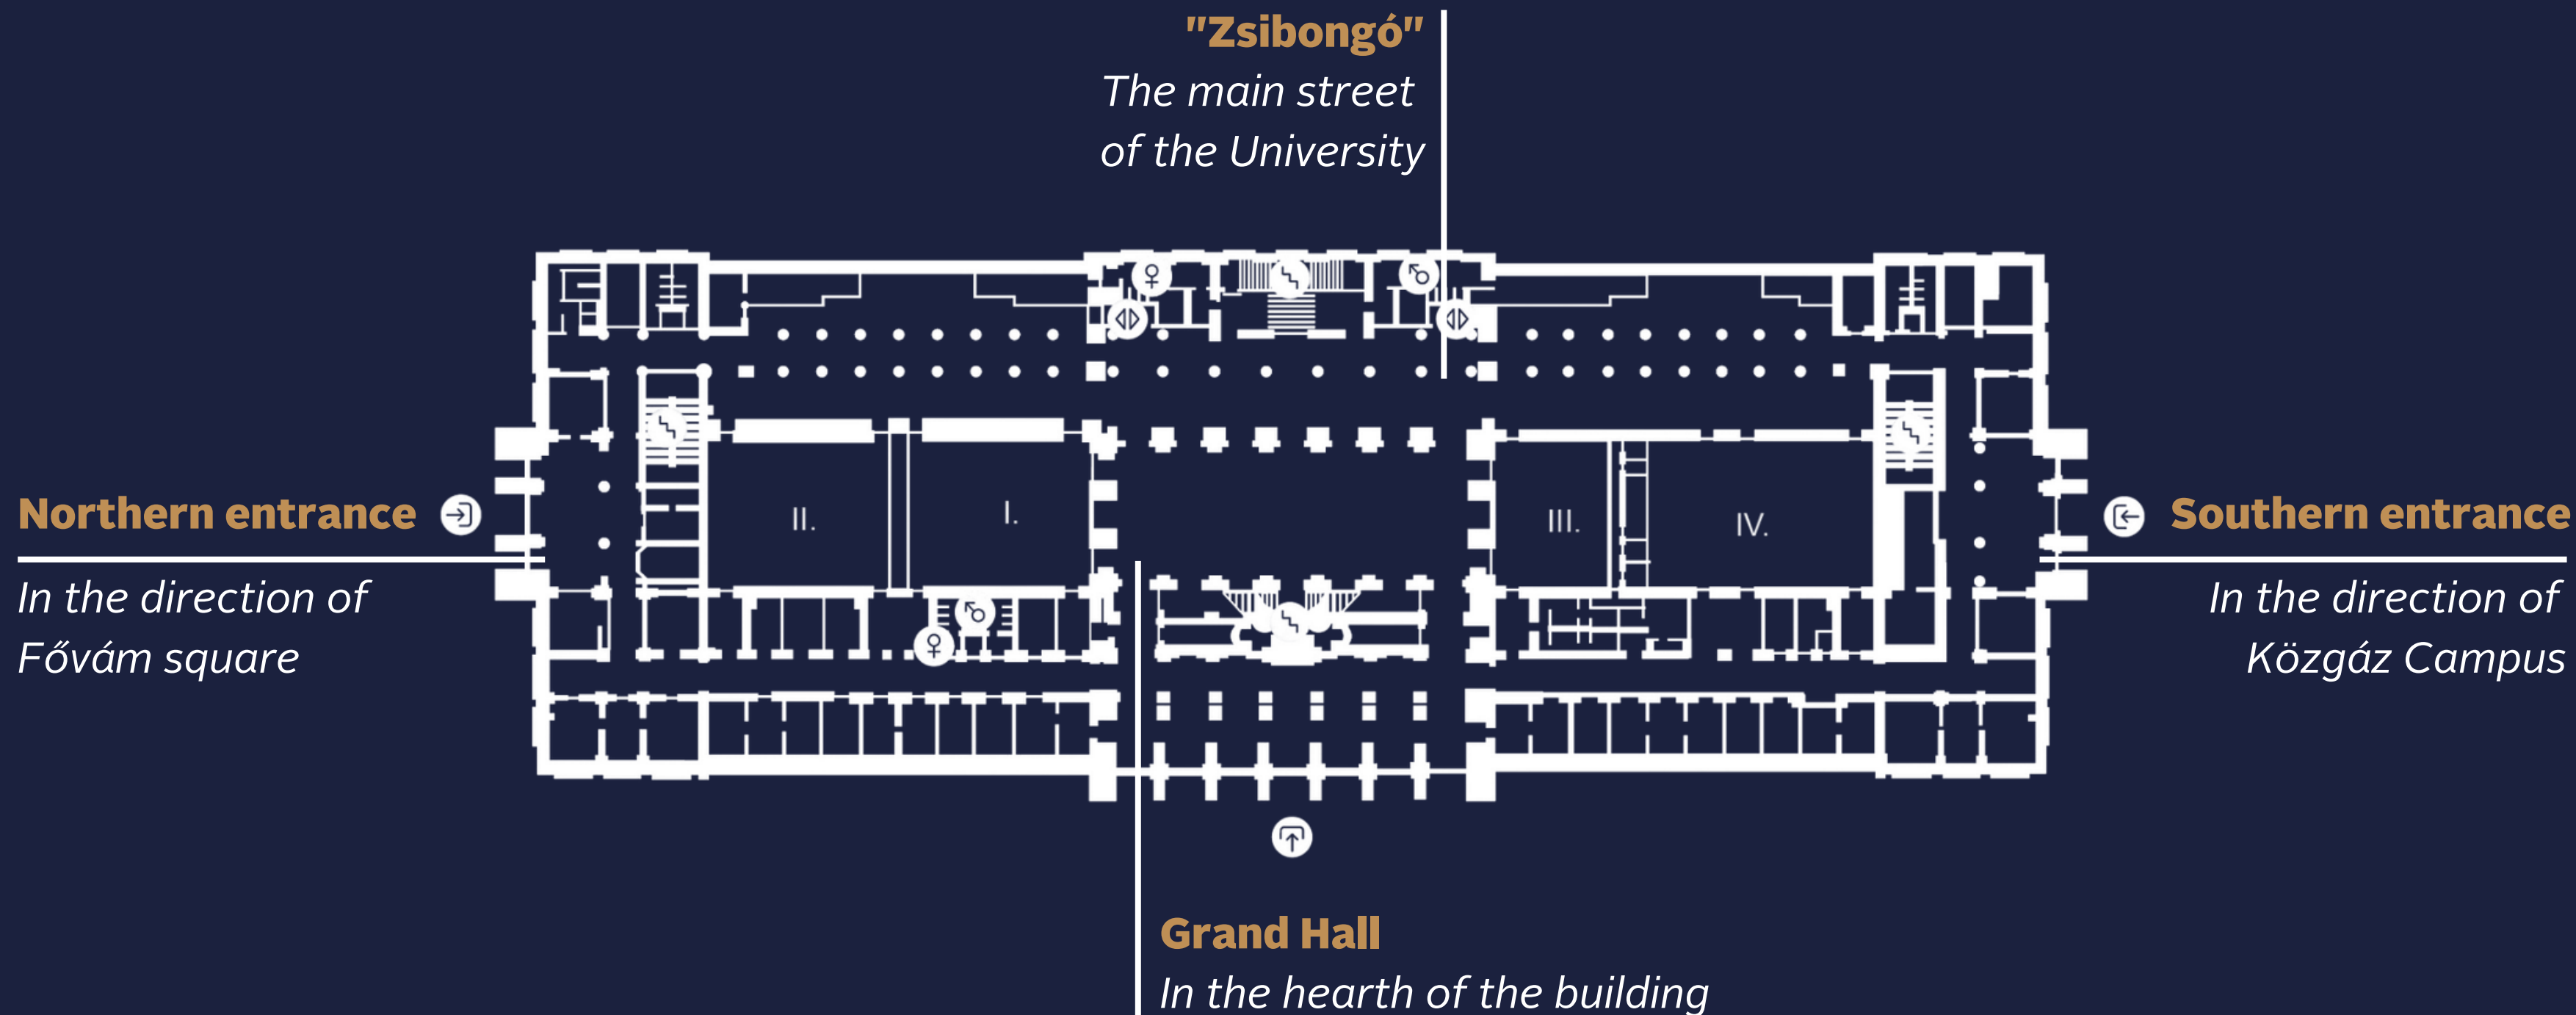

Corvinus Career & Business Festival represents a modern evolution of one of our most enduring institutional traditions. Our primary objective from beginning was to construct a distinctive conduit between students and corporations, fostering an environment of open and uninhibited interaction. As the world has advanced, so too have the ways of connection and communication.

In order to sustain the vitality of this tradition, we have delved into the deeper understanding of the requirements of both our corporate partners and student body. This autumn, we are poised to return with an event strategically designed to encompass the entire career journey. Lectures and exhibitions are seamlessly integrated, aiming to provide the most beneficial employer branding and recruitment experience conceivable.

Leveraging the insights gained during the post-pandemic period, we aim to create a long-lasting and impactful experience for both our exhibitors and students.
