HEALTH POLICY, PLANNING AND FINANCING MASTER-LEVEL STUDY PROGRAMME

1. The mandatory internship

„The practice period is a student activity, defined jointly by the University and the workplace, to be performed partly independently at a workplace outside or within the higher education institution during the completion of a bachelor or master programme - planned, organised and assessed in accordance with the curriculum of the stud programme, as specified in the programme and outcome requirements. Study programmes including extensive practice shall be any study programme whose programme and outcome requirements contain a practice period of at least six (6) weeks. Practice periods are not only prescribed in study programmes including extensive practice, but in other study programmes as well. In their case the practice period is shorter than six (6) weeks.

If a practice period is compulsory during the completion of the study programme, the practice period shall be completed as a curriculum requirement for acquiring the absolutorium.” (Study and Examination Regulations 58. §)

2. Purpose of the practice period
