

Internship information for the 2023/24/1 autumn semester

HEALTH POLICY, PLANNING AND FINANCING MASTER-LEVEL STUDY PROGRAMME

1. The mandatory internship

The practice period is a student activity, defined jointly by the University and the workplace, to be performed partly independently at a workplace outside or within the higher education institution during the completion of a bachelor or master programme - planned, organised and assessed in accordance with the curriculum of the study programme, as specified in the programme and outcome requirements. Study programmes including out-of-university, external internship shall be any study programme whose programme and outcome requirements contain a internship period of at least six (6) weeks. Internship periods are not only prescribed in study programmes including external internship, but in other study programmes as well. In this case the internship period is shorter than six (6) weeks.

If an internship period is compulsory during the completion of the study programme, the internship period shall be completed as a curriculum requirement for acquiring the absolutorium. (Study and Examination Regulations 58.§ (1)-(2))

2. Purpose of the internship

The purpose of the internship period is to deepen and further develop the knowledge and skills acquired at the University in a genuine economic environment, to develop the professional skills of students participating in bachelor and master programmes and to increase their appeal to the labour market. During the internship period the students shall further develop and deepen their skills and knowledge acquired during their studies so far, thus the internship period serves to develop the following competences required by the labour market:

- a) independent problem-solving competences;
- b) strengthening participation in teamwork;
- c) developing the competence to work independently;
- d) developing communication skills, practising a foreign language/foreign languages;
- e) developing decision-making.

(Study and Examination Regulations Appendix Nr. 2 1 § (1))

Important:

- 1. The internship must be **continuous**, i.e. it cannot be completed in several shorter periods** (*sick leave, holidays do not count as interruptions, but the number of hours of compulsory work must fit into the internship period as defined in Submission form. You should plan a few extra days for this when you determine the start and end dates of the internship with the company*).
- 2. You must work at a **company or institution**.**

3. Cannot be completed in a passive semester.

4. For internships of less than 6 weeks, it is possible to have previous work experience gained during your studies accepted as compulsory internship (for more information see section 11.).

3. How many hours do you need to complete and when can you start the internship?

Master-level study programme	Length of continuous practice period	Scheduling of practice period during the programme
Health policy, planning and financing study programme	120 hours	In the study period of the 3rd semester

4. Deadlines

You may complete the internship with as many working hours per week as you wish in accordance with the conditions set out below:

- it must be continuous;
- a student may take a maximum of 42 credits per semester;

- you can only work for a **weekly maximum of working hours allowed by the law** (your HR or lawyer colleague at the internship company or student's agency will be able to help you with this);

8. Neptun request (required in all cases!)

Name of the request: **“Application for authorisation of a compulsory internship of less than 6 weeks”**

In your request, you ask for approval of your chosen internship company, the job and tasks. Approval is not automatic (if in doubt, consult with the teacher responsible for the internship).

By approving the request, the teacher who is responsible for the internship authorises the internship and the position. The internship may start after this authorisation.

If the application is rejected, you should contact the teacher who is responsible for the internship.

9. How can you submit the documents?

You can attach a digital version of the Submission form to the “Application for authorisation of a compulsory internship of less than 6 weeks” request, you do not need to submit a paper version. We also accept the Submission form and the Evaluation form in scanned form or with a digital signature.

2. You can download the “**Evaluation form**” from the Corvinus website. Your supervisor (mentor, workplace manager) needs to fill it out and evaluate your work, she/he can authenticate the document with her/his own signature or a digital signature.
3. The written **internship report** prepared by the student shall include the following:
 - Presentation of the workplace.
 - Brief presentation of the sector, the competitors. Description of the responsibilities.
 - Work performed and the results achieved.
 - Evaluation of the experience acquired.

The length of the report shall exceed 1500 words.

If the internship report does not meet the requirements, the student shall submit a revised version within five (5) working days of the rejection. If the report is rejected for a second time, the practice period shall be repeated.

11. If you have previous work experience gained during your studies
