

# Address Card

**How to renew the address card after moving?**

# How to request a new one?

The first Address Card will be issued together with the residence permit. However, you are obligated to inform and update any changes in your accommodation address, and therefore, you must report your new address to the Immigration Office via their website within 3 days of it changing.

## STEP 1

The Immigration Office developed an **online platform** for processing your application and hence you can now simply upload your documents to [enterhungary.gov.hu](https://enterhungary.gov.hu). You can find here the [user manual](#) on how to register and create an account.

**From 2023 it is not possible to renew the Address Card in person, you must apply through this platform.** The platform will ask multiple questions and we have assembled a [guide](#) to help you!

## STEP 2

You will need to prepare the documents listed below:

- Scanned images of **ALL pages** of your **passport**
- Scanned image of both sides of your **residence permit card**
- A filled-in accommodation reporting form,
  - You can download it from [here](#), **fill it in** and **get it signed** by your accommodator (dormitory or landlord).
- Proof of your address:
  - If you live in a dorm: get a **certificate from your dorm** that they provide you with accommodation,
  - If you live in an apartment: **your rental agreement**.

## STEP 3

When your application is approved, you can download the Address Card from the website. **From 2023 there is a new type of Address Card.** The new one doesn't have a stamp nor signature on it, only a QR code which will verify your address.
