”

I have issued a separate order to determine the costs of the present proceedings to be borne by the Higher Education Institution.

GROUNDINGS FOR THE DECISION

The Higher Education Institution submitted a request for authorising the launch of programmes and for their registration, which is subject to a separate decision. In view of this, I have amended the operating authorisation of the Higher Education Institution.

Legislation on which the decision is based: subparagraphs a), c) and d) of paragraph 2 of Part I of Annex 2 of Act CCIV of 2011 on National Higher Education;

In view of the fact that under Section 41(1) of Act CL of 2016 on General Public Administration Procedures (hereinafter: Ákr.) and based on the available information the facts of the case were not clear, the conditions for a summary proceeding were not met, therefore the request was considered under Section 41(2) of Ákr as an application for full hearing, of which the client was notified in accordance with Section 43(2) of Ákr .

I have granted the application of the Higher Education Institution as the client in its entirety, and there are no opposing clients in the case, therefore I have omitted the information on the legal remedy in the operative part in accordance with Section 81 (2) of Act CL of 2016 on the General Administrative Procedure, and I have only indicated the legal provisions on which the decision is based in the grounds for the decision.

Budapest, as indicated on the electronic date stamp

For and on behalf of Sándor Brassói President:

Dr. Zsolt Fekete
Head of Department

In receipt are:
