

Students who have already started their studies at Corvinus University of Budapest as **self-financed students** and wish to apply for the **Stipendium Hungaricum scholarship** programme during their current studies must submit a „letter of recommendation” issued by their present host institution.

The scholarship application opens in mid-November and, upon request, the university will provide students with a **conditional recommendation letter** between **January 6th and 10th** through the „**Do it online!**” system (by selecting the 'curriculum' topic and clicking on „start new case”). Applicants must attach the conditional recommendation letter to their application package in the Dream Apply electronic application system by the deadline in **mid-January** (full details of the application process can be found [here](#)).

After the SH application deadline, a „**final recommendation letter**” can be issued in **mid-February** for those self-financed students whose academic average is higher than the average academic performance in their study programme. Do not forget to ask for the „**final recommendation letter**” from your coordinator (via the “Do it online!” system) as this is the document that will be taken into account. This document can be submitted after deadline as a missing document in the Dream Apply system, as soon as you receive it from the university. Students who are admitted to our university as scholarship holders will sign a training agreement at the beginning of the following academic year, when their scholarship year starts.
